Subject: FYI ONLYFW: QAPP for Air Toxic Sampling In and Around the AltEn Ethanol Facility, Mead, Nebraska: 2022092

FYI:
Met with Lee and discussed attached QAPP this morning.
NDEE reviewed but would not sign (which is okay).
I would like ORD to at least review it, if not sign it so I am having him send to them today.
However I don't want any delay in meeting our may commitment to NDEE.
Lee plans on driving up May 31, and sampling June 1 and 2.

Hi Mike

I wanted to make sure you had seen the Mead, NE air toxics sampling QAPP and had a chance to review it as I have you on the signature page and it looks like the R7 EPA QA folks are ready to finalize. I am attaching a copy in case one was not forwarded to you by the QA office.

Thanks in advance!

Leland
